

# Pet Licenses

## PET AND OWNER LICENSE INFORMATION YOU CAN RELY ON

Manage all the information you need to foster public safety and potential revenues with iCity's easy-to-use Pet Licenses module. Informative reports can generate notices for renewals as well as help you plan and budget. Licenses can be issued to match with the actual tags to allow for quick and accurate searches of pets, owners and breeds.

The integration with iCity's Cash Receipting module allows you to recognize revenue at time of collection, saving you time posting to the General Ledger. The Pet License module is designed to issue, report and maintain a database of licensed pets in the community.

## KEY SYSTEM FEATURES

- Flexible renewal reports allow for five different formats
- Tracking capabilities save time when accessing critical licensing data
- Save money, space and paper by electronically storing records with rapid retrieval
- Increase efficiencies through integration needed for renewal notices or to view current status
- Searching features allow you to locate pets, view any infractions and match pets with owners
- Improve customer service with pre-authorized payment plans
- Automated renewal notices assure revenues are ongoing
