

# VadimVIEW Report Writer

## IMPROVE YOUR REPORTING CAPABILITIES & DECISION MAKING

VadimVIEW gives a dynamic, interactive window to your municipal departments. As a report designer/writer, it gives you the big picture and also lets you drill down to the smallest detail by enabling you to create your own custom report layouts. With this powerful tool, managers are able to design reports from their iCity modules in minutes and generate information to enable employees to make critical business decisions in real time. Save time by creating and saving your own custom grids, cross tab reports and cross charts. Re-use these saved report layouts over and over again and export the data to use in other third party software.

## KEY SYSTEM FEATURES

- Get the specific information you need with easily created custom reports
- Save time by saving and re-using custom reports you've built
- Get more insight from the information you collect with data manipulation
- Increase productivity - save the report layouts for future use
- Maximize the return on investment from all your iCity modules
- Allow managers to access their own information
- Get the critical data you need, anytime
- Strong impact at Council meetings - graphs and charts for business cases
